That is not what Julie Sautner says she was told. She says was told by Richard Fetzer this morning "that they were going to deliver us water" and that the deliveries would begin as early as today, tomorrow at the latest. She says Fetzer told her EPA would use a private contractor.

I don't see how she could have gotten it so dramatically wrong. If Fetzer didn't tell her that, then what did he tell her?

Michael,
Here's where the Agency is at this time:

At this time, our goal is understanding the situation in Dimock and evaluating additional options, including further sampling. No decision has been made by EPA to provide alternate sources of water.

Thanks. Don't want to be pushy, but can you confirm now that EPA is hiring a private contractor to deliver water to Dimock? We can flesh out with details later.
